II.2.4) **Description of the procurement:**

The subject of the tender includes the execution of construction works for the Construction of multifunctional indoor sport facility concerns Regulated Landed Estate XXXVII in quarter 221, town of Kostinbrod. The investment project contains the following parts: Architecture, Structures, Fire safety and Electrical. The subject of this design is the detailed preparation of a sports ground as per a coordinated design with a bearing metal structure connected to the field with bolt connections and a PVC covering. The subject of this design is the detailed preparation of a sports ground as per a coordinated design with a bearing metal structure connected to the field with bolt connections and a PVC covering. A hall with a football field with dimensions of 42.50 m x 23.41 m and H=10.85 m has been examined. The metal structure shall be executed with single-opening frames with a cross opening with L=23.0 m, composition step B = 6.0 m and length L=42.0 m. the columns and crossbeams are made of double "T" section with width b=200 mm and height H=360 mm. The area of the clear part of the structure is 930 m2. The sports ground is located in the western corner of the estate.

Two separate emergency exits with dimensions of 120 m x 320cm and a field with dimensions of 590 cm x 320 cm.

The bearing capacity of the facility is pursuant to the design under part "Structures" on the basis of Ordinance No. 3 dd. 2004 on the Main Stipulations for Designing of Structures at Constructions and on the Effects thereon and on the basis of engineering, geological and hydro-geological studies of the area of the estate.

The fire safety of the building has been provided pursuant to Ordinance No. Iz-1971 dd. 2009 on Construction and Technical Rules and Norms for Provision of Fire Safety. Emergency lighting and fire-precaution and emergency signboards have been envisaged for all exists.

Non-hazardous construction materials suitable for use in the construction have been envisaged for the hygiene and protection of the health of the people. The doors will be made of cellular polycarbonate suitable for use in public spaces.

The PVC covering will be of non-combustible class BI, non-flammable, drop-proof and smoke-proof,. The surface will be made of artificial turf.

This technical design in parts ELECTRIC POWER SUPPLY and ELECTRIC EQUIPMENT has been developed on the grounds of the design terms of reference in compliance with the requirements of the Contracting

Authority, the architectural and structural plans. The following types of electrical installations have been elaborated in the design:

- Power supply of the lighting of the sports ground
- Grounding systems
- Lightning protection system

II.2.5) **Award criteria**

Criteria below

Price

II.2.6) **Estimated value**

Value excluding VAT: 422 215.94 EUR

II.2.7) **Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 4

This contract is subject to renewal: no

II.2.10) **Information about variants**

Variants will be accepted: no

II.2.11) **Information about options**

Options: no

II.2.13) **Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds: yes

Identification of the project:

INTERREG-IPA CBC Bulgaria - Serbia Programme 2014 – 2020 project CB007.2.11.180 "Sport tourism - our common future" Contract No. RD-02-29-55/ 22.02.2021 Budget Line 5.1 Small scale construction

II.2.14) **Additional information**

Section III: Legal, economic, financial and technical information

III.1) **Conditions for participation**

III.1.1) **Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

The eligibility requirements detailed in the Additional information about the contract notice (Annex A5f) apply to all members of a joint venture/consortium and all subcontractors, as well as to all entities upon whose capacity the tenderer relies for the selection criteria. Every tenderer, member of a joint venture/consortium, every capacity-providing entity, every subcontractor and every supplier must certify that they meet these conditions. They must prove their eligibility by a document dated less than one year earlier than the deadline for submitting tenders, drawn up in accordance with their national law or practice or by copies of the original documents stating the constitution and/or legal status and the place of registration and/or statutory seat and, if it is different, the place of central administration. The contracting authority may accept other satisfactory evidence that these conditions are met.

Natural persons, companies or undertakings falling into a situation set out in Section 2.4. (EU restrictive measures), 2.6.10.1. (exclusion criteria) or 2.6.10.1.2. (rejection from a procedure) of the practical guide (PRAG), are not entitled to participate in this tender procedure or be awarded a contract. Should they do so, their tender will be considered unsuitable or irregular respectively. Tenderers must provide declarations to the effect that they are not in any of the exclusion situations listed in Section 2.6.10.1. of the practical guide. The declarations must cover all the members of a joint venture/consortium and must also be submitted by any subcontractor or capacity providing entity. Tenderers guilty of making false declarations may also incur financial

penalties up to 10% of the total value of the contract and exclusion, in accordance with the Financial Regulation in force.

The exclusion situations referred to in subclause 3.2 apply to all members of a joint venture/consortium, all subcontractors and all suppliers to tenderers, as well as to all entities upon whose capacity the tenderer relies for the selection criteria.

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

III.2) Conditions related to the contract

III.2.2) Contract performance conditions:

Within 30 days of receipt of the contract already signed by the contracting authority, the selected tenderer must sign and date the contract and return it, with the performance guarantee - 5 % of the amount of the contract to the contracting authority. On signing the contract, the successful tenderer will become the contractor and the contract will enter into force.
